

FAA-PMA REPLACEMENT PARTS — ACTUATORS

Evolution AEROSPACE, INC. understands the high cost, long lead times and often unavailable repairs for maintaining flight control and landing gear actuator systems. We're experts in these components. That's why we have developed an extensive, high quality line of alternative parts for your mechanical landing gear actuators, flap actuators, trim tab actuators, elevator actuators, and others. From pistons and plugs, to nut assemblies and gears, bearings and cast housings, we are your best source for cost effective, high quality, FAA-PMA Approved replacement components for flight control and landing gear actuators.

- Grouped sets of FAA-PMA Approved parts for the most common flight control and landing gear actuator part requirements
- FAA Approved overhaul repairs for numerous aircraft platforms
- We've made thousands of actuator repairs possible

And... we look forward to working with you if you have special requirements not on our current line card.
